This edition of the Mutual Exchange Board includes properties whose tenants wish to downsize to a smaller home. This could be an ideal opportunity for those of you requiring one or two additional bedrooms to move, as you might otherwise face an extremely long wait for a transfer.

Last year, we were able to arrange more Mutual Exchanges than transfers.

There are also many entries from tenants wishing to exchange with a similar property in another area, or with slightly different facilities. So do take a look inside – your new home could be here.

WHY NOT JOIN HOMESWAPPER TOO?

HomeSwapper is the UK’s largest organisation for social housing tenants wishing to swap homes. Thousands of people join every month and use HomeSwapper to move locally or right across the UK.

You can join at www.homeswapper.co.uk. As we have partnered with them it is free.

Once you have registered, HomeSwapper will make daily checks for possible new swaps and you can log-on at any time to see them. HomeSwapper can also send you regular ‘match alerts’ to ensure that you don’t miss out.

If you are interested in a match, use the other tenant’s contact details to get in touch. Arrange to view each other’s properties and if you want to swap contact our Service Centre on **020 7613 8080**.

For more information, visit the HomeSwapper website.
